

# SPRING FOR GROWTH

MARCH 2021

## ARE YOU A MEMBER?

If you would like to know more about The Society of Women Engineers including how to become a member, go to Society of Women Engineers – There are different types of memberships to consider such as Joint Memberships. Professional and Collegiate members can join SWE and either the American Indian Science and Engineering Society (AISES), the National Society of Black Engineers (NSBE), or the Society of Hispanic Professional Engineers (SHPE) at a single, discounted rate.

**NOTE: SWE membership is open to all genders. All SWE memberships coincide with the SWE fiscal year that runs from July 1 – June 30 and early renewal/join begins every April.**

**You don't have to be a member of The Society of Women Engineers to belong to Bluegrass SWE.**

## SWENEXT FALL SPECTACULAR

The goal of the Fall Spectacular is to hold an event (ideally in person depending on safety) to kick off the school year with SWENext students.

The event should be fun, engaging, incorporate STEM themes, and geared for high school aged students. We want to help build teamwork and self confidence in the students.
