- **Upcoming meeting:** "A Lesson in LinkedIn with Katie Robertson" on Wednesday, January 31st with location TBD after the holidays!
- **November Meeting Recap:** A big thank you to Kim Sayre and Ryan Harvey for coordinating a meeting at UK, presenting about how to navigate asking for raises, and providing food for us! See below the slides and recording of the meeting:

- **December Meeting Recap:** Thanks to everyone who was able to attend our December meeting at Myriad Meadery! We had a great turnout! A big thank you to Amani from Honeysage Photo Co. for taking headshots for 12 people (These will be sent to the email addresses you provided soon)! Thank you also to Paige Bensing for her presentation about how to make an effective resume, and to HR representatives Angela Brandford-Stevenson from Jim Beam and Sara Soard from Marine Solutions for the resume review. Each group came away with great feedback. Thank you to Rosemary Alden for the photo!

- **Outreach Update:** During Fayette County Public Schools' Coding Week to celebrate Computer Science, SWE officers Kelsey Moore and Erin Combs volunteered with Garrett Morgan Elementary's STEM instructor Jennifer Reams to conduct Hour of Code lessons for all grades. Hour of Code provides free one-hour drag and drop coding tutorials to demystify

computer science ([Code.org](https://code.org)). Students designed their own dance parties with animated characters and selected their own music, and learned a ton of coding basics!

- **Upcoming Outreach:** E-Day is happening February 24th, 2024! We will be looking for volunteer planners and helpers, so if you would be interested, please respond to this email!
- **Are you a member of SWE?** If you would like to know more about The Society of Women Engineers including how to become a member, please visit [SWE memberships](https://www.swe.org/memberships). There are different types of memberships to consider, and any gender is welcome to join. You don't have to be a member of The Society of Women Engineers to belong to Bluegrass SWE!
