SWE EVENTS

NOTICE

Attention all! This newsletter marks the final edition, and after this week, there will be no more scheduled office hours. We appreciate your continued support and engagement throughout our newsletters and office hours, and we look forward to connecting with you through other exciting platforms in the future. Stay tuned for updates on new communication channels and ways to connect with us! Thank you for being a part of our community.   17

SWEDNESDAYS

Introducing "Swednesdays" - Your VIP Pass to SWE's Inner Circle!

Takeover of the Week: Riya Karande (Fundraising Chair)

17 **How to Participate:**

- + Tune in to our Instagram every Wednesday.
- + Meet the featured board member of the week.
- + Engage in Q&A sessions, polls, and more!
- + Gain insights into the exciting world of SWE at NJIT

 **Follow us on Instagram: @njit_swe**

 **Have Questions? DM or Reach out to us at office hours**

SWE RECAP

STUDY SESSION

The SWE hosted study session kicked off with warm introductions to Software Engineering (SWE) basics and various reputable media sources for staying updated in the field. With boba and an array of snacks on hand, the ambiance was set for a productive study session. Background music provided the perfect focus-boosting backdrop as participants dove into the world of SWE.

Attendees got acquainted with fundamental concepts in SWE and explored a range of reliable sources—online platforms, tech blogs, and podcasts—that keep professionals abreast of industry trends and developments. From crisp insights to deep dives, these resources were a treasure trove of knowledge for budding engineers.

As participants sipped on boba, nibbled on snacks, and engaged in discussions, the atmosphere was both relaxed and studious. The

mix of informative discussions and casual vibes created an ideal environment for learning and collaboration. The background music, carefully curated to aid concentration, added a productive rhythm to the study session.

The session served as a starting point for beginners, providing a solid understanding of SWE while highlighting the wealth of accessible information available in the field. With a blend of learning, networking, and enjoyment, the study session set the stage for future sessions where knowledge and boba are sure to flow! 🌟📖🥤

♥ MEMBER OF THE MONTH ♥

Hi! My name is Grace and I'm a first year civil engineering major in the Honors College! A little bit about me, in my free time I like to play volleyball, try new foods, and hang out with friends. I decided to join SWE because as a woman in STEM, I wanted to be in an environment where I didn't feel alone and where I could comfort others in the same way. As an E-board shadower for SWE, I feel closer to my goals of having more of a direct impact on our NJIT community, particularly to embrace diversity in the workplace! I'm looking forward to my future in SWE and where it will take me!

SWE NEWS

DISCORD

SWE is launching a new Discord hub to empower and connect women in engineering and tech. It's an inclusive space for engineers, tech enthusiasts, students, and professionals passionate about excelling in STEM.

Engage in insightful conversations, seek career advice, and forge connections with like-minded women. From coding breakthroughs to career insights, our server offers channels for diverse discussions and support.

Join us in celebrating diversity, fostering inclusion, and championing women's accomplishments in engineering. Let's pave the way for an inclusive future in STEM!

MERCH FORM

Exciting news, everyone! Our SWE chapter is thrilled to announce that alongside our awesome collection of t-shirts, we now have SWE tote bags available for order. Show your support for women in engineering while staying stylish and practical. Get your hands on these limited-edition tote bags and our fantastic t-shirts today! Stay tuned for ordering details and let's proudly represent SWE together!

LINKEDIN

 Exciting News! The Society of Women Engineers (SWE) has launched its brand-new LinkedIn account! Join us on this professional platform to stay updated on the latest trends, events, and initiatives empowering women in engineering. Connect with industry leaders, engage in insightful discussions, and explore diverse career opportunities. Let's build a vibrant community, share success stories, and inspire future generations of engineers. Follow us on LinkedIn and be part of the SWE movement driving innovation and inclusivity in the world of engineering! #SWE #WomenInEngineering #Empowerment

✨ **NJIT SWE WEBSITE** ✨

Welcome to SWE's innovative intercollegiate website—a hub designed to unify and empower aspiring engineers across campuses. This digital platform serves as a beacon for collaboration, knowledge-sharing, and connectivity among the Society of Women Engineers' network. Here, you'll discover a dynamic space tailored to amplify your engineering journey. Dive into a wealth of resources, engage in insightful discussions, and forge invaluable connections with fellow students and professionals. Join us in shaping the future of engineering through learning, support, and boundless opportunities. Together, let's pave the way for a more inclusive, diverse, and impactful engineering landscape
