🍕 SWE IOI + GBM 🍕

Our recent SWE IOI and GBM events were a fantastic success! The atmosphere was vibrant with pizza, drinks, and a laid-back vibe, creating the perfect setting for meaningful connections. We were thrilled to see an excellent turnout, with a notable increase in freshman participation.

The engaging sessions went well, providing valuable insights into the SWE community. It was not just informative but also a

chance for everyone to chill, enjoy good food, and foster connections within our growing SWE family. Looking forward to more exciting events and opportunities ahead!

!!! ATTENDANCE POLICY !!!

Purpose: The purpose of this attendance policy is to ensure active participation, engagement, and accountability among members at club events organized by NJIT SWE.

Attendance Expectations: All members are expected to attend club events whenever possible. These events serve as valuable opportunities for networking, learning, and fostering a sense of community within SWE. SWE will keep a record of attendance at each event. This record will include the names of attendees, event details, and dates.

Consequence of Non-Attendance: As announced by the SWE Eboard, attendance at club events will be accounted for in the context of upcoming conferences and activities. Members with a consistent record of active participation may receive preferential consideration for conference attendance.

Excused Absences: SWE understands that unforeseen circumstances may prevent members from attending certain events. In such cases, members may submit a request for an excused absence or drop by during office hours, explaining the reason for their non-attendance.

Enforcement: The enforcement of this attendance policy will be the responsibility of the SWE EBoard. Any concerns or disputes regarding attendance will be reviewed and resolved on a case-by-case basis.

Review and Revision: The SWE leadership will periodically review this attendance policy to ensure its effectiveness and relevance. Any necessary revisions will be made in consultation with the club's membership. By adhering to this attendance policy, we can collectively create a more engaged and dynamic experience for all Members.
